ABOUT ME

I am an experienced web developer with 1 years of expertise in designing and developing responsive websites and web applications. Proficient in modern web technologies and passionate about creating user-friendly digital experiences.

WORK EXPERIENCE

2021-2022

INTERNSHIP
Robotics World/ Abbottabad
Worked as a web development intern, contributing to front-end and back-end tasks, debugging code, and assisting in the development of responsive websites.

2024-Present

LARAVEL DEVELOPER
Eagle Web Solutions/ Abbottabad
Developed and maintained dynamic web applications using Laravel framework, including advanced features like multi-select dropdowns, AJAX-based operations, and dynamic filtering.
Implemented RESTful APIs to enable seamless data exchange between the frontend and backend systems, ensuring optimal performance and scalability.
Designed and optimized database schemas using migrations, seeders, and relationships (One-to-Many, Many-to-Many) to handle complex data structures efficiently.
Integrated third-party libraries and tools, such as Select2, Herdevine package, and custom middleware, to enhance application functionality and user experience.
